

Mr. Rahul C. Kirloskar (Executive Chairman)

A mechanical engineer from U.S.A, Rahul C. Kirloskar is a top notch technocrat associated with Kirloskar Group of Companies for more than twenty five years at senior levels in different capacities. Rahul Kirloskar has been a prime driving force behind the company's great success over the period of time. After gaining expertise by participating in an intensive course for top management professionals on Total Quality Management (TQM) in Japan, he played a pivotal role in reinforcing KPCL's focus on reducing overheads in the organization. His efforts resulted in a healthy bottom line for the company even during trying times.
